

June 1853

Sat. June 7. 1895.
A very warm
day.
Alfred & I arrived
in town an
market a little
after day light
& sold potatoes
well.
Left Nancy & Ed.
He arrived here
a little after
sundown.

Sun. June 2.

A very warm day
It rained all day.

Some company
Smith & Jennie
Came today.

Emma & husband
and Mary Beaman

came here this
afternoon.

My ears came
over this afternoon.

Justly a happy
camp over and

spent the
afternoon.

Mon. June 3.

A very warm day
I took the horse
shoes down to
Harris & put them
on.

Went down to
the cart.

Plowed a little
Fixed harness.

Tues. June 4

A nice day.
I played some
T. used hammer
to break up
the old money down
to the hill after
the bus. I saw
got as near as
I could reach
to get the old
welder by the
summit. Was can
down and spent
the evening
at camp. I had
a high time

Wed. June 5:

A fine rain
Began in the
night and rained
until about 9 AM.
I got ready and
drove down to the
baggage over to the
welder. Arrived at
9:30. A large crowd
and many people
part. A good time
and a smooth
time. The Rich
except with their
attendants. Took
a drink.

The made ice
at camp and had
a fine Bell boy
came in on the

7th June E.
A fine day.
Cool.
We had a lively
time this morning
Nancy & I went
away at 10 AM.
I thought I had
over to this
place, and then
I found out
Planted corn
the rest of the
day.
George Bennett
was here.
Eat dinner here
for the first time

7th June 2.
A fine day.
Cold evening for
the rest of the morning.
I plowed and
planted corn.
Worked the
potato & early
corn patch
over.
Gavin planted
corn and
pulled out
ground and

Sat. June 8.
A nice day
boof. at night
I finished plowing
by 9.
The clats and
eyes remain.
Mr. Cadot stopped
here awhile to
sell fertilizer
Ella Rutell can
down.

Sun June 9.
A very nice day.
All gone by 7.
Juni & I.
Pat Mc with Lilly
went up to see
Bennett's
Henry Thurland
came around. Then
afternoon
I have good
wrote the most
of the time

Mon June 10
A fine day,
started at night
I finished planting
corn and then
fixed the machine
up and arranged
a lot of clover
Juni, and left carrying
a can
and some the evening
Bill overhauled
his car.

Tues June 11
A misty day
I finished cutting
clover at noon
I raked it after
dinner and got
help and hauled
it in
Dirt did it out
between Smith &
Bill & I
Juni is over
I had with the
rheumatism
I was up to
see her she
was this evening

Wed. Jun. 12
A nice day
I plowed all
day in the
orchard with
the pump
but had a banana
can dam to
do.

Thurs. Jun. 13.
A nice day, I
plowed in the
orchard till noon
Pa got Cha
Lighthouse to help
me. We worked
at the spear
until noon.
A nice little
rain last night
but Laa stayed
up at Pa's
last night

Fri. Jan. 14
A fine day
I plowed corn
in the orchard
and lightning
& Herring
had corn.

Sat. Jan. 15.
A nice day.
I plowed corn
the bees and
lightning & Herring
cut sprouts.
Andie & Tom G.
came up to
Hullish.
Belt did not
work after dinner

Sun. June 16

A warm day
stayed home until
in the afternoon
I reached Paris
by train but
failed

Evening I went
up to the Switch
after the mail
he stayed at
myt. Harms
then, Emma went
with Jim & Effie
with me to
the Mill

Children present
at the the O. dance
Ben's awarded
late this afternoon

Mon. June 17

A rather warm
day
Lightning &
we bed the potato
cut moved fence
cleared out fence
gaps and worked
in the garden
Mr. Thayer's
left this evening
Ben's left
this morning

Tues. Jun. 18.
A warm day
Sun. Lighted
I went up and
worked on the
mullet, 2 p.m.
He took out during
and stayed all
day.

He went by
Hebb's to get
some bar. of
mullet seed.

Wed. Jun. 19.
A nice day
I moved seeds &
sprouts in the
orchard.
Lighting came
and worked a
while and then
got sick so
he had to quit
Jim finished
planning (4 days)
mullet season

Thurs June 20
A cloudy breezy
day. I was with
Ed. I finished
cutting weeds in
the orchard.
I cut & tramped the
young buds.
I and gathered
the onion sets
to give a pair
show this evening.

Fri June 21
A damp cloudy
day. Rained first
a little
then more
Things look greatly
revised.
I set out plants
and planted some
beans (a pint of beans)
and then went to
the switch of the
march.
Rolled corn and
hold in the
garden the
rest of the day.

Sat June 22.
A nice day
I worked up
the millet, all day
Sowed some
and harvested
some in.
Something is
cutting wheat
to day.

Sun June 23.
A nice day.
Very warm.
I ran my car
about over to
the bus stop.
Had a nice
trip that
They seem to be
gentle now.
We attended Sunday
school. Sam, Daisy
Emma, & I in class.
Went to Aunt Rhena
& Ella's & took a
short drive in the
evening.

Mon. July 24
A nice little
rain at 9 AM.
The boat departed
The kindly men
and here began
to cut the heat.
The cut this
afternoon
Bill. Wheeler & I
drive the machine.

Tues. July 25
Still the rain
is in

cutting the heat.
Rained the most
of afternoon.
The fire and
Campfire started
all night with
exactly here.
The boat a high
up time until
late.

Wed June 26.

A rainy day
A nice shower
The crop a little
wheat

I have made
The 25. for the
26.

A mistake by
putting out
off soil till
I saw some
I had some
fell.

Thurs June 27

A nice day
Rained hard last
night

We finished
cutting Bill's
wheat, and
began on mine
but all day

Wheat getting
ripe
I plowed the
rest of the garden

Tue June 22

A warm day
I played all
day. Pa about
the bundles and
got down again
noon.

I am planning
a patch of
broccoli that

Sat June 27

A nice day
There was rain
a little but
did not rain
I got a bird
Chappin to help
to bump shield
I worked all
day at the mill
I finished sawing
and halving
Liked a little
getting down spinning

Sunday 30
A nice picture
of nice rain
this afternoon
But no good work
any more
John & I
have to go before
Jim & John Bennett
Came down
The student work for
Harris for
dinner
The first time
I have got three
Should have been
alone all day
had not Bennett
Came down
Charles Holman
was down around
