THE SEXUAL SYSTEM AND ITS DERANGEMENTS, greatly enlarged and improved, is the most condensed, yet most complete volume ever published. It is a moral book, for both sexes, clothed in plain and proper language, contains 19 illustrations, with portrait of author, and embraces the latest facts in Physiology, many never before in print, besides a vast amount of information not to be had elsewhere. 500,000 copies sold. Everyone should be fully informed upon these subjects, which involve the well-being of mankind. It is a false modesty and a wrong principle to keep the youth from becoming enlightened and perfect men and women. This book advocates such education openly, that evils may be averted, health preserved and lives saved. Manhood, Womanhood, Boyhood, Girlhood, Childhood, Sex, Beauty, Marriage, Anatomy, Physiology, Maternity, Diseases, etc., are among the topics. It explains the cause of nervous and sexual debility, languor, tiresome feelings, unsociability, bashfulness, cowardice, irritable temper, lack of confidence, forgetfulness, gloomy forebodings, lack of energy, despondency, unfitness for business, inability to reason or concentrate the mind or meet the gaze of others, confused understanding, thoughts of suicide, unfixedness of purpose, broken sleep, trembling, dizziness, staggering, soft muscles, weak back, pasty skin, hollow eyes, blunted senses, eruptions, scanty beard, and a thousand symptoms which make life miserable and a failure, and usher in Epilepsy, Palsy, Idiocy, Insanity, Nervous and all kinds of diseases, also how prevented and remedied. It also tells about "Dr." Smartweed Pierce, the King Humbug and Swindler. Sent secure, postpaid, for 10 cents; 3 for 25 cents. Agents sell it largely and get all the profit.
