Trails Staff

School annuals have always been something monumental to those who own its "secrets"; and just as any worthy product, much time and great effort is the secret of success. We, the annual staff, have one secret we want to share with you. It is our sincerest appreciation to those who spent their time willingly to help us: Mrs. Kallner for her preliminary organization; Mrs. Delabar for soliciting our books; Mrs. Adkins and Mrs. Coburn for their labors at the typewriter; Tony Coburn for his assistance in photography; and our very special thanks to Miss Starrett for photography, preparing our pictures, and most of all for her dependability in advising us. Many thanks to the annual staff for "a job well done."
