MEMORIES FROM MINFORD MIDDLE SCHOOL 2004

After 80 years in the "old building", students and teachers packed up books and belongings and moved into a new facility. The new building was part of a district project of three new buildings, made to house all of Minford school district. The much needed facilities were made possible largely to the voters that passed a levy allowing funding for the project. We wish to thank everyone that helped make our dream come true!

Dr. Tracy Alley and "Einstein"

Good-Bye and Good Luck!

Dr. Tracy Alley will be leaving us this summer to take a position in Cincinnati, Ohio. During her time at Minford, Dr. Alley has contributed countless hours of commitment to the T.A.G. program, and numerous committees and programs.

Dr. Alley began teaching at Minford in 1996 in the Gifted Programs for grades K-12. She began a new program in 2001 called L.E.A.D. (Leaders Excelling Achieving Distinction.) It is a program for academically gifted students in grades 9-12. At the other end of the district, she began a program called A.B.C. (Accelerated Beyond Curriculum) for students in grades K-2.

Along with her regular duties of teaching, she has been yearbook advisor, quiz bowl advisor, Odyssey of the mind advisor, United Nations Model advisor, Math 24 advisor, Geography Bee advisor, 3 R's Club advisor, Community Education director, Health Fair coordinator, and 21st century Community Learning Center director. She has developed a weather station program here at Minford.

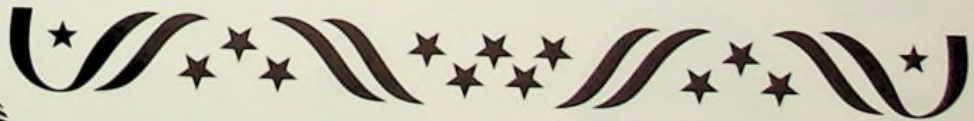

Dr. Alley has written numerous grants including: Teaching Tolerance, Ezra Jack Keats Grant, Martha Holden Jennings Grant, and Bechtel Jacobs Grants for Robotics and Astronomy.

She has been honored by receiving the following awards: 1998 Ohio Association for Gifted Children Teacher of the Year, 2002 American Red Cross Education Hero, 2001 Christa McAuliffe Fellow Award, 2001 Fulbright Fellow to Japan Award, and Who's Who among American Teachers in 1999 and 2000.

She has taken students on trips to Illinois, Indiana, Washington D.C., New York City, Atlanta, Pennsylvania, West Virginia, Kentucky, Cincinnati, Columbus, Dayton, Akron, Canton, Cleveland, and Gibraltar Island on Lake Erie.

Her accomplishments do not end at school. Tracy and her husband, Michael are involved in several community projects and church activities. She is also a professor at Shawnee State University.

By all of us here at Minford, she will be remembered as the very busy teacher who always wore a big smile and had an encouraging word. We wish you the best in future endeavors, and will miss you greatly! Thanks for everything, and good luck!

DEDICATION

To all of our families and friends that have served in, and are currently serving in "Operation Iraqi Freedom."

As we send off our 8th grade,
Good luck to you all.....
To all of the others,
We'll see you next fall!
