## 2007-2008

### Sciotoville Schools Purchase Allard Park

Sciotoville Community School was approved by Portsmouth City Council on July 9 for the purchase of Allard Park, including the football stadium and tennis courts, in Sciotoville for \$1. Under terms of the sale, the school system will maintain the complex but keep it open for public recreational use.

-Portsmouth Daily Times, July 16, 2007

### TARTANS WANT SLICE OF HISTORY

It's been a season for the ages in Sciotoville so far and East would no doubt like to add one more slice of history to the season. The Tartans had their first 10-0 season in years, won their first back-to-back SOC titles and secured the first home playoff game in school history.

-Portsmouth Daily Times, November 3, 2007

### Tartans finish off perfect regular season

This year Allard Park received several upgrades, including a new logo and a visiting coaches crow's nest - now it's got a brand new championship banner - and a new goal post. For the first time in East history, the Tartans earned back-to-back SOC I football championships with a 12-0 victory over Notre Dame at home. The win also secured the first home playoff game in school history and marks the first 10-0 season for the Tartans since the school broke away from Portsmouth City.

## Sciotoville's Sandy Odle leaves after 28 years

Last week was the end of classes at Sciotoville Community School - or East High School, as it's often better known - and while many students will return to face another year of classrooms and teachers, one teacher won't be there to welcome them back.

Sandy Odle, of North Morland, has been a teacher at East High School for 38 years, beginning her career teaching young girls in home economics. The class covered areas such as food, clothing, child development, family relations, home decorating and family finances.

"I had all girls in the classes, and most girls would stay with the classes all four years," Odle said. "Then in about the mid-70s, we started having male students in the classes. I think the boys realized they needed to know how to cook. The way of life was changing and divorce was more prevalent, and they could no longer expect to have a wife there to take care of them. More women were working and duties at home needed to be shared more."

Today, things are very different, she said. The male/female enrollment in her classes have shifted to nearly 50/50. Technologies have improved dramatically, and cooking also no longer is baking cookies, brownies and pies, but creating a nutritious meal on a limited budget.

"I take them on a shopping trip. They have a \$10 budget, and they have to plan a full meal and stay within that budget, and they have to incorporate all the basic food groups in their meal. When I first give the assignment, they think, 'No way, you can't do it for \$10.' But then when they get to the store and reading price tags and making choices, they find out they have more than enough," Odle said.

Also, the class no longer is called home economics, but rather family and consumer sciences.

In addition to family and consumer sciences, Odle also taught a senior-level life planning course, to help students learn how to fill out an application, create a resume and prepare them for job interviews.

One of my favorite things is to be out shopping or something, and run into a former student and find out how they're doing and what career path they've chosen," she said. "I specifically remember one time one man came up to me at a football game, and he had been someone that was somewhat trouble in the classroom. He said, 'I'm raising two kids by myself, so I wish I had learned more of what you tried to teach me.'"

Not only a teacher, Odle also spent many years as the cheerleading coach and girls junior high basketball coach - even helping to create the junior high program at East High School in the 1970s.

"That was a real experience," she laughed. "They didn't even know most of the rules, they didn't know anything about playing basketball. Mostly I concentrated on sportsmanship, and Snuffy Smith was the varsity coach, so I just got them to learn the rules and let him be the one to develop their skills."

Odle gave her last class on Wednesday of last week, and said she's looking forward to her retirement as she joins her husband - who's already waiting for her in their new Florida home.

The school hosted a retirement celebration for Odle Tuesday evening at Sciotoville Christian Life Center, across from the school.

"The neatest thing about Sandy is, as I've seen some veteran teachers lose that motivation to meet the needs of kids toward the end of their career, I have seen the opposite in Sandy Odle. She's worked harder probably in the past eight years with her kids to benefit their futures and their needs," said Sciotoville Community School Principal Dennis DeCamp. "Sandy has been a great proponent for kids, and a great proponent for our school."

Lisa Tom, who worked as a student teacher in Odle's classroom five years ago, now will return to East to pick up Odle's classes for the 2008-09 school year. Like Odle, Tom has her teaching degree from Ohio University.

## Tartans win first tennis match in three years

The East tennis team did something that it had not done in at least three years Tuesday afternoon. It came out on the winning side of the match. The Tartans were able to knock off SOC I foe Notre Dame 3-2 Tuesday.

The win did not come easily against the Titans. Ryan Tabor lost the first set of his match with Corey Marting. But Tabor battled back and took the match from Marting in three sets. Nick Adkins had to fight back from the same predicament Tabor found himself to win his match.

The No. 2 double pair for East did not relinquish a game to their opponents and gave East the taste of victory. Something new to the Tartans.

"It was pretty even competition," said East coach Lance Allen. "I think the extra experience helped us in the match."

## EDUCATIONAL talent search

**WHO WE ARE:** The Educational Talent Search (ETS) Program is funded by the US Department of Education. The local ETS provides educational services to youth in three Southern Ohio Counties, (Lawrence, Pike and Scioto) and is based at Shawnee State University. An ETS representative is available to assist program participants with educational and career decisions and participants are selected on an on-going basis.

**WHAT WE DO:** The purpose of ETS is to assist participants in grades six through twelve to complete a secondary education and to enroll in a postsecondary program. ETS guides participants through the maze of career choices, entrance testing, applications and financial aid.

# Kalli Birne

## Germany

Kalli Birne came to East High School as a Junior from Germany. During Kalli's stay in the states she was paired with Scott and Lori Lowe, giving her a temporary sister, Emilee, and brother, Drew. Kalli had the chance to travel to New York during Christmas Break to spend time with her family and to Gatlinburg, Tennessee on a Madrigal trip. Kalli really enjoyed her stay in the states and made many friends that we are sure she will keep for a lifetime.

Kalli was escorted by Chase Ma... at this year's prom. She was also fortunate enough to have her mom help choose her prom dress while she was visiting during Christmas break. However, Kalli did surprise her with the color of the dress.

Kalli played on the Tartan Tennis team this year and met some other Foreign Exchange Students from other schools in the process. Although she did not have much previous tennis experience, she does have handball experience which made her an asset to this year's team.

"My experience in Sciotoville has been really nice because I did learn a different style of life. Also, I met beautiful people which I am sure I will remember forever. I learned how to go over the problems and be less stressful, also I found myself doing things I never thought I would do.

Like everything else in life there are good and bad moments, but I am really happy because now that the end is here I am able to see all the different aspects in which I had success. I also met a beautiful family, Courtney, Shane, Jeff and Janet, that can be sure I will be there for them for everything they need in the future."

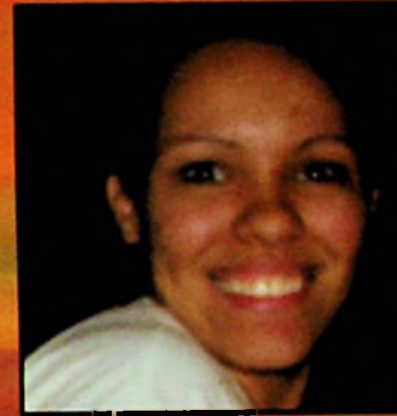

Daniel created a model of East High School for the Scioto County Art Show. The model was displayed at the Southern Ohio Museum May 1-21 and Daniel was awarded Honorable Mention for the piece. Mr. DeCamp is planning on displaying the model in the school's cafeteria for all to admire for years to come.

Daniel escorted Meagan Medina this year's prom at the America Legion. He had a great time celebrating the end of the year with his new found American friends.

# MADRIGALS

## Dinner

## Theater

11.17.07

The 2007 East High School Dinner Theater was held in the gymnasium on November 17th. Once again, the event was a huge success and the talent was amazing. Solo, duo and group performances kicked the night off to a great start, while a sneak preview of this years Madrigal performance ended the night. It is truly amazing how much talent in is this small school!

# Gatlinburg

The Madrigals had the opportunity to perform in Gatlinburg in the spring of 2008 to show off their talent to guests of Dollywood. The group had a great time and grew even closer together as friends. There is no doubt that memories like these will stay with each of them for the rest of their lives!

Those smiles say it all! Corey stops at the end of the slide for a picture with her new found friend. The memories she made while participating in community service can never be replaced.

The group takes some time to pose for a picture while volunteering at the annual Cancer Survivor Day festivities.

# COREY MATTHEWS

The OSU Helsman winners bobbed their way through the parade route, while Corey shined as the Helsman Trophy. "A Winning Tradition" was an appropriate theme for Corey's float since it won 2nd place in the homemade category.

While I was growing up, my aunt and I were so close. Not only was she my aunt, but practically my best friend. So when she moved away I was devastated. She became an Electrician, had a wonderful family and it seemed as if everything in her life was going in the right direction. While living in a new place she began meeting new people and making new friends, but little did she know the friends she would meet would change her life forever. My aunt, who is only 35 years old, became addicted to crack cocaine. She lost her job, her home, her family and she even lost her personality. She was no longer the aunt that I had always known. This incident not only affected her life, but made a huge impression on mine, too. It has taught me that no matter how tough life may get, you can always pull through and overcome your life obstacles. It has also shown me the horrible things that drugs can do to your life. Drug abuse is a huge problem right here in our own area, not only adults, but many teens have turned to using drugs too. They change your life and everything you have ever worked hard for slowly goes down the drain. They take the lives of so many people each and every day, and I am so thankful and very proud that my aunt could overcome this obstacle in her life and be here to support me tonight, drug free.

# Football Homecoming

The 2007 East High Football Homecoming was held on Friday, October 19th at Allard Park. Each girl gleamed with pride as she walked across the field while the band played "My Girl". The attendants were Emilee Lowe (freshman), Erica Hoskins (sophomore), Allyson Worthington (junior), and Jessica Kingery (senior). Their escorts were, respectively, Devin Mitchell, Caden Sparks, Tyler Mault, and Michael Paine. Seniors Tyler Riddle and Keith McCreary proudly escorted the Football Homecoming Queen,

Alysia Adkins, across the field to be crowned by pep club member Megan Maddix. Courtney Smalley and Megan Miers presented her flowers and sash. Autumn Picklesimer and Avery Ketter had the honor performing as flower girls while Carter Nickel was privileged to be the crown bearer. The little ones were escorted by Cierra Wright and Brittany Caudill. The night ended just as beautifully as it began by defeating the Green Bobcats and continuing to hold their undefeated title. Following the ceremonies, the pep club sponsored a dance in the gymnasium honoring the Queen and her court.

# ★ Family Night

*Family Night at East High School, is a night when family members of students at East, gather together and take pride in their children's accomplishments. Motivational speakers to door prizes, and everything in between is what Family Night is about.*

---

*With a true-to-life "rags to riches" experience, Shawn Harper rose above poverty, learning disabilities, a last place academic ranking in high school, and obscurity in football to become a Big Ten College graduate, an award-winning offensive lineman with a 7-year NFL career, an owner of a successful company, a top-notch motivational and inspirational speaker, and a family man. Using riveting personal stories, humor and wit to share his insights on life, he spoke with passion, purpose and power. The title of his speech for the students was given during the school day, and was titled "Winner, Loser or Chooser?". Later that night, he gave his adult presentation titled "Leading by Example".*

*During the annual Family Night, Shawn Harper, our motivational speaker, motivates the students with his life stories. He truly was an inspiration!*

# Basketball Homecoming

## Hollywood Nights

The 2008 Basketball Homecoming ceremony took place on Friday, January 25th as the Tartans took on the Symmes Valley Vikings. Senior, Jennifer Swick was chosen by the East High School student body as our Homecoming Queen. Jennifer was escorted by senior basketball players, Josh Bailey and Nathan Hood. Chelsea Watkins was chosen as Senior Attendant and was escorted by her brother, Justin Shaffer. This years Junior Attendant was Casey Reed. Casey was escorted by Brian Collins. Due to a tie in votes, this years Sophomore Attendant's were Jessica McCallister and Allecia Stiltner. Jessica was escorted by Hayden White and Allecia was escorted by Jordan Garrett. Devin Briggs escorted the Freshman Attendant, Alexandria O'Bannion. Following the game, the Yearbook Staff honored the Queen and her court with a dance in the gym.

# 2008 PROM A BLACK TIE AFFAIR

The 2008 Prom was at the American Legion in Portsmouth. The Junior class chose the theme, "A Black Tie Affair" for the event. The student body voted Laci Long as Prom Queen and Josh Bailey and Rodney Hatch tied for Prom King. The Prom Committee once again did a fabulous job decorating for the event and dancing continued until the party was over. The students always agree that prom is one of the best parts of high school. This event will stay in their hearts for a lifetime!

Ally and Nathan take a break from dancing to smile for the camera.

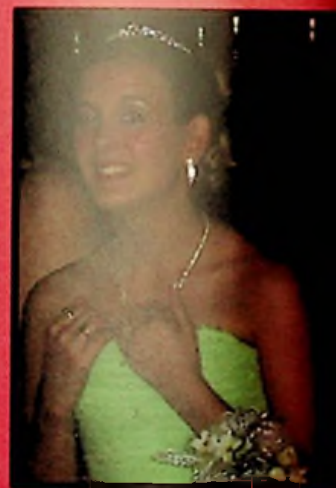

Mrs. Mays shares a final dance with some of her students. She could always be found on the dance floor breaking in down.

Chassidy and Adam make a perfect pink pair at the prom!

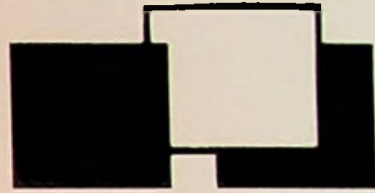

Chelsea, Kalli and Aaron bust a move on the dance floor.

Shawna Boldman glows in her green dress.

Seniors Jennifer, Alex and Alysia show off their gorgeous smiles and dresses at their final high school dance.

# Senior Circle

The Seniors gather in a circle to celebrate one last memory together as high school students.

# Tartan Idol

This year's Tartan Idol, Sparkle Tibbs, performs "Don't Forget to Remember Me". Although this year's race was close, Sparkle came out on top and can now go into her senior year as the reigning Tartan Idol winner.

Aaron Gilley, Alex Lindamood and Jeremy Smith started off the Tartan Idol Finale with "Follow Me". The trio was voted back into the contest by the student body during the Wild Card Round.

Brittany Keys belted out "Somewhere Over the Rainbow" during the show. Brittany definitely got the crowd excited with her amazing voice.

# star card

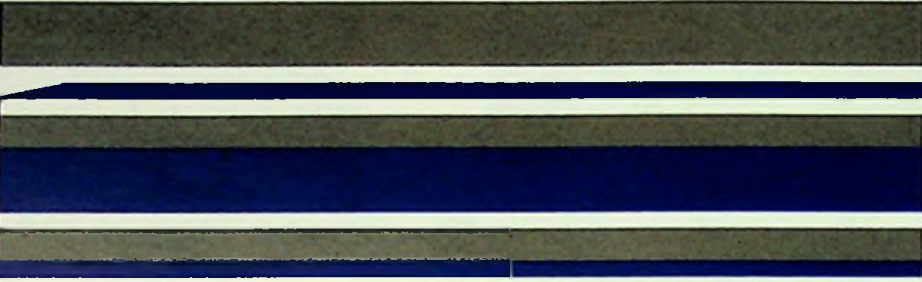

## assembly

Our STAR card incentive program continues to be successful in encouraging our students to be good school citizens. The highest STAR card level our students can achieve by having good attendance, good behavior and good grades is called the Blue Card. This year we have had more students earn a Blue Card than any year before.

Above: Star Card winners with their prizes, including, DVD players, gift certificates and MP3 players.

# Always Be a Student

Keep on Learning  
Though your graduation's done;  
Your whole life's an education  
That has only just begun.

Your diploma is the first big step,  
For knowledge is the special key  
To winning what you want in life  
And being who you want to be.

If you'll always be a student,  
You'll find the secrets to success  
And travel on the golden road  
To good fortune, peace and  
happiness.

*Graduation is a time of mixed emotions. For you, it's the time in your life that couldn't come fast enough. But now that it is here you are beginning to realize what all you will be leaving behind. For us, it's the time we have long feared for thoughts of losing our little girl. But now that it's here we realize that we haven't lost our little girl, but we have gained a mature, independent thinking young lady whom is truly beautiful both inside and out. We are extremely proud of you and we know that you will succeed at anything and everything you put your mind and spirit into in your adult life.*
