What My Yearbook

I think the yearbook is something all high-school seniors will keep and cherish for the rest of their lives. It is something that will remind them of all the fun and good times they had during their high-school days. It will bring back memories of academic and athletic achievements and the other accomplishments they achieved while attending high school; it may just remind them of all the friends they had and what fun they had together.

In your yearbook there is a picture of all your teachers. You'll look back at them and want to thank them so much for encouraging and showing you the way to achieve your goals in life.

After we march down the aisle commencement night, we will all be very happy but still there will be a feeling of sadness in the atmosphere for us; but we'll have our yearbook to remind us of all the joyful and best times of our lives.

Susan Wohler

Means to Me

To me my yearbook holds all the treasured, priceless memories of my high-school years. Probably I will appreciate my yearbook more in the years to come. One day, maybe while I am cleaning house, I will stop and begin to look through these somewhat neglected books. I'll see the faces of old friends with whom I had shared many good times. There will be pictures of events and organizations that will bring back recollections of many wonderful times and even some of the embarrassing ones. Then I'll look at the difference in hairstyles and clothing and laugh just as my mother does today when she looks at her yearbook.

Then my yearbook will mean a great deal to me, for by that time it will be a storehouse of happy, trying, sad and treasured years I spent in Glenwood High School.

Jennie Stone

How dear to this heart are the scenes
of my childhood,
When fond recollection presents them
to view.

Samuel Woodworth

Superintendent's Message

Raymond E. Hall

Again it is my privileged duty to submit through this office these remarks to the students and citizens of New Boston.

It takes a team to plan and operate a good school. The best schools are operated not by administrators alone, nor by the Board of Education alone, nor by the students alone, but rather by all working together as a team contributing knowledge and experience from many fields which none alone can possess.

We recognize our responsibility - that of developing each child to the fullest extent of his abilities; your schools have pushed instructional improvement forward consistently.

As part of the team, which recognizes a well-informed public is essential to the success of a school program, I wish to state my appreciation to all the other members of the team.

Principal's Message

The primary formal emphasis of today's educational program is on intellectual development. We must, however, adapt ourselves to our environment, a social and economic way of life, which is just as important as the curricular education that we have available to each of us. We must learn to live with other people not only in our own community and state, but even the world.

In our relationship with others, it is important to know of the impact that we have on other people. Some people go through their lives unaware of this. This distinction about our dealings with other people is that we must not only react to our surroundings, but in many instances we actually create our own environment. People who create friendliness will find it; those trying to start trouble will always find a worthy opponent. Thus, to some degree, we really do create our own tableau, but few realize that we do have this power.

No matter what kind of group we are in, we will find ourselves under considerable pressure to conform to the ways of this group. It is our personal decision which group we are to belong, or whether we belong to any group at all. We must learn, nevertheless, it does not necessarily follow that we conform and do everything that others do. We must always have certain shared values, be a part, share ideas and ideals, attitudes and customs.

We must learn, as early as possible, that our family, friends, and those that we care a great deal about will influence our thinking, our education and even our entire life. The task of education is to enable us to appreciate our life and live more distinctively as humans.

College, Vocational, Technical, Special Education, and other related educational programs will make our youngsters competitive, intellectual and emotionally mature to meet the advanced requirements of today's accelerated world.

Class Prophecy

I, Diane Roark (alias: Domino), was called into M's office and handed the hottest case of counter espionage since Mr. Goldfinger attempted to filch the gold from the Fort Knox gold depository.

The year was 1986, the job was to find and destroy the master mind who was behind the fiendish plot of turning Detroit Steel Corporation into a research laboratory for the prevention of "Jungle Rot".

As I boarded the huge jet that was to fly me to New Boston, I saw one of my former classmates, Wanda Newman. Wanda told me that she was the stewardess on the jet and that the pilot was another of our classmates, "High Flying" Larry Todd.

When the jet taxied down the runway at the New Boston Inter-Planetary Airport, I had expected some change in my old home town, but not the thriving metropolis I had just entered.

I got into a taxi to go to the hotel and found Tom Ellison driving. Tom said that he now owned the cab company and had driving for him Melanie Wolfe, Thelma Holbrook, and Pat Steburg. Tom also told me that the best hotel in town was the one owned and operated by Susan Wohler. The hotel was very swank and Susan's top bellboy was none other than "Smiling" Robey Montgomery.

Libby's Laundromat was still the highlight of New Boston entertainment. They were featuring this week, Nanita and the Chicodees, which was composed of Nanita Fannin on the lead guitar, Brenda Conley on drums, Mike Cottle on sax, and Roger Briggs on bass. They were sensational, they had broken two world records. Their latest hits were The Teaberry Shuffle and the Mess.

In my hotel room I found a sealed envelope from the big man. They were orders to get in touch with agent 86, better known in the society world as Donna Royster. I got in touch with Donna and she gave me the pattern in which the crooked fiend had been working. We studied the routine and decided our next move.

The next morning Dee Dee and I had breakfast in the hotel restaurant where Wanda Jennings was the head chef. The food was delightful. Steve Hempill was the head waiter and he served us our breakfast without saying a word. In my blueberry muffin I found a note from the president of Detroit Steel, Larry Parlin. He informed me that there were several suspicious characters applying for jobs in the mill. We hurried down to the mill as fast as my Aston Martin would take us to find the four shady characters to be

Lana Lodwick, Jennie Stone, Bernadine Roberts, and Dennis Day. After checking their records very thoroughly we found them all to be innocent. Lana needed the job because she had failed sixty four driving tests in the past twenty years and needed a close job so she could walk to and from work. Jennie needed the job so she could afford to cross the bridge every day and see her boyfriend, the toll on the bridge has raised considerably in the past twenty years. Bernie needed the job for practice. She was going to co-star in a movie about the life of John Henry, the steel driving man. The part of John Henry was played by Dan Weddington. Dennis needed the job because his car was in such poor condition that he couldn't get any farther without having to stop at every other block to let his engine cool. We were baffled, who could be doing this to Detroit Steel?

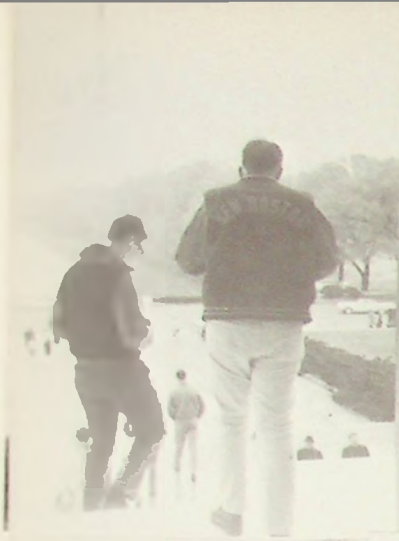

We saw Jennie Wolfe at Detroit Steel and chatted with her for a while. Jennie told us what had happened to all of our classmates in the past twenty years. Terry Salyers is now the fire marshal and his firemen are Ann Whitley and Lana Gilley. Lana has a reputation for starting more fires than she puts out. Larry McMeans owns a chain-of Burger Boy Food-O-Ramas. Buck Osborne is now the head librarian at the library. Anna Tomlin and Pam Vaughn have a dancing school that specializes in group dancing for television programs. Donna Stewart and Tim Thacker are nationally famous dancers. They do a duet ballet. Debbie Thomas is now a world famous attorney who always defends the loser. We saw Cindy Newberry running down the street and asked what was wrong. Jennie told us that it happens every day, she's late for work. It was almost time for the election of a new mayor, there were two fabulous politicians, Joyce Hanna, and Bill Payne. This election will go down in history as the noisiest campaign in the twentieth century. Joyce and Bill were shouting so, you couldn't even hear yourself think. Jim (Flash) Ottney was a famous photographer for a nationally famous newspaper, The National Insider.

We next visited our old alma mater, Glenwood High, where we found as principal, Debbie Tackett. Nora Mathis was the head of the English Department, Gary Beckwith otherwise known as Chrome Dome Beckwith is now the coach. I was very shocked to learn that Gloria Taylor was the truant officer. While chatting with Gloria we learned more about our former classmates. Joe Adkins is still chasing girls and still getting slapped by them. Charlie Keller is the ever faithful egg man of Scioto County. Jody Riggs has twelve children. She's trying to catch up with her mother. We also learned that we have two former classmates in the movie industry. Carolyn Wolfe now plays Jane in the Tarzan movies and Linda Payton is about to make her debut as Cleopatra. Jim Duncan is famous too, but not in movies or on television. He is the cover picture on almost every Muscle Building book published in the United States.

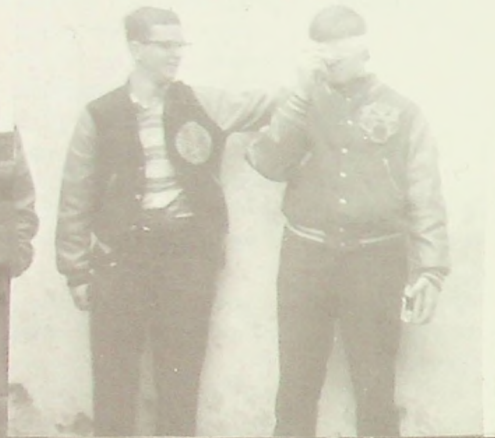

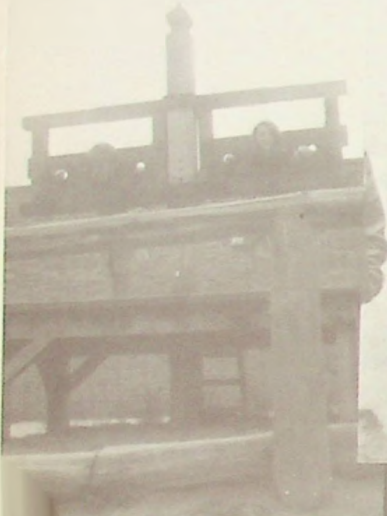

Donna and I did get a chance to go to Libby's Laundromat and see the fantastic band, Nanita and the Chicodees. I noticed in one of the corner dryers Susan Figgins was dancing. I asked Nanita why and she told me that Susan was an A go-go girl and they hadn't gotten her a cage yet, so she had to dance in the dryer.

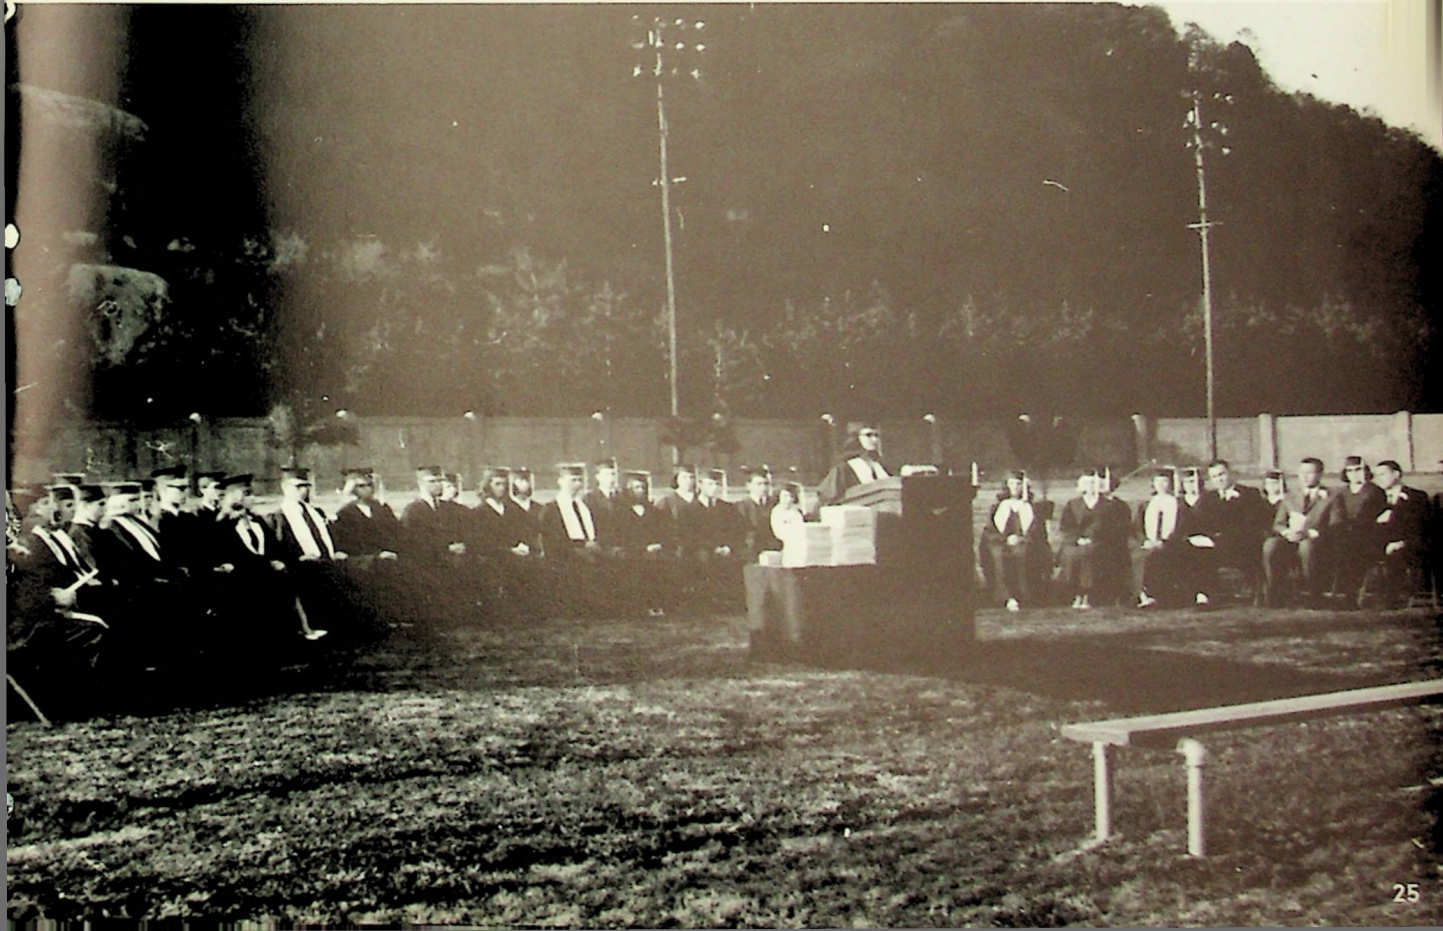

The next morning at the hotel I received a call from Donna. She said that she had the list narrowed down to one suspect, Mary Ann Keeney. Mary Ann was always quiet and shy in school, could she be behind the scenes of this crime that was taking place right under our noses. We checked her out. She was the one. We took away her cyanide pills and gave her some truth serum. She had been hypnotised by Mr. Big and forced to act as his agent in this plot. Mary Ann was given a light sentence but we can't say the same for Mr. Big. He is now spending the rest of his life in Sing Sing prison breaking rocks. Things are once again serene and peaceful in New Boston.

One day, between assignments, I visited Mr. Big at Sing Sing and saw the man I remember. It was dinner time and all the prisoners were eating very quietly, except Mr. Big. He was sitting by the kitchen door yelling "Meat!", "Potatoes!". Isn't this the way you remember Mr. Darling (alias: Mr. Big).

Senior Trip
April 26--30, 1966

Commencement
May 31, 1966

Class History

On September 5, 1962, we began our high school careers. We 63 freshmen elected as our officers: Donna Royster, President; Mike Cottle, Vice President; Susan Wohler, Secretary; Lana Gilley, Treasurer; and Lana Lodwick, Reporter. We were advised by Mr. Washington and Mrs. Campbell, and with their help, we began working toward our goals as a class. Our Homecoming Attendant was Nanita Fannin. We elected Jim Duncan and Anna Tomlin as our Annual King and Queen Representatives.

With one year safely behind us, we 56 sophomores returned to school on September 5. Our officers for the year were Donna Royster, President; Donna Stewart, Vice President; Nanita Fannin, Secretary; Lana Lodwick, Treasurer; and Cindy Newberry, Reporter. Advised by Mr. Washington and Miss Honaker, we were kept busy and the year passed quickly. Our Annual King and Queen Representatives were Mike Cottle and Jody Riggs. Lana Lodwick was our Homecoming Attendant. At the end of the year we excitedly ordered our class rings.

Summer vacation seemed somewhat shorter, and before we knew it, we were ready to begin the second half of our high school lives. On September 9, 1964, we 53 juniors began making arrangements for our busiest year. We elected as our officers: Bernadine Roberts, President; Donna Stewart, Vice President; Cindy Newberry, Secretary; Lana Lodwick, Treasurer; and Lana Gilley, Reporter. In October, we received our much-desired class rings. Our Junior Class Play, "Dear Diary," on November 20, was directed by Mrs. Campbell. Led by Mr. Groh and Mrs. Wellman, we worked hard to have a successful Prom honoring the graduating class. On May 22, the Prom was again held on the "Chaperone," and the theme was "Some Enchanted Evening." Lana Gilley was chosen as our Homecoming Attendant. She was also chosen to represent us in the River Days' Festival. Tim Thacker and Debbie Thomas were selected as our Annual King and Queen representatives.

At last we were seniors. With a feeling of accomplishment and an air of supremacy, 48 of us began our last year as students at dear old Glenwood on September 8, 1965. We chose as our officers for the year: Cindy Newberry, President; Bernadine Roberts, Vice President; Debbie Thomas, Secretary; Lana Lodwick, Treasurer, and Donna Stewart, Reporter. Susan Figgins served as our class chaplain. Again led by Mr. Groh and Mrs. Wellman, we began the task of replenishing our now depleted treasury. Nanita Fannin reigned as the Homecoming Queen with Lana Lodwick, as her Senior Attendant. Mike Cottle and Brenda Conley were chosen as the Annual King and Queen of 1966. On April 22, our Senior Class Play, "Act Your Age," was presented under the direction of Mrs. Wellman. We worked hard all year and on April 26, we began to reap the profits. Thirty seniors and two chaperones boarded the bus for a three-day trip to Washington, D. C. We had a good time, and our Senior Trip has provided us with memories which will last a lifetime.

On May 20, the Junior Class honored us with the Prom. It was held at the Elks' Country Club, and the theme was "Star Dust."

It was with mixed feelings of joy, regret, triumph, and apprehension that we received our diplomas at Commencement on May 31, 1966. We had now left Glenwood High School, the scene of many of our greatest moments and many of our greatest frustrations. The day of which we had all waited is now becoming a cherished memory.

FAVORITES

A black and white portrait of a young woman with a tiara and a bouquet of flowers. She is smiling and wearing a white dress. The tiara is ornate with multiple points and gemstones. The bouquet is large and dark, with a white ribbon. The background is a plain, light color.

ADVERTISERS

*Progress
Is A
"Two-Way
Street"*

THE GROWTH of any company depends, to a large degree, upon the community in which it is located and upon the attitude of the citizens of that community. For it is from that community and from those citizens that a company must gain strength, build its work force and develop its future. Thus, the more understanding the community is toward its industry and its problems, the more cooperative and loyal the citizens who comprise its work force, the better the company's chances for continued growth and expansion.

ON THE OTHER HAND, the growth of any community and the development of a bright future for its citizens depend equally as much upon the day-in-day-out successful, profitable operation of its industry. For from that industry stem jobs and paychecks today, employment opportunities for tomorrow, local purchases, community service contributions and vitally essential tax dollars.

OBVIOUSLY, THEN, the growth of a community and the growth of industries within that community are inseparably bound together, one dependent upon the other. And progress becomes a "two-way street".

LOOKING BACK, Detroit Steel is proud of the contributions it has made to the betterment of the Greater Portsmouth community and to the benefit of the citizens as it has pursued an unbroken 15-year course of growth and expansion . . . over \$150,000,000 invested to provide one of the most modern, competitive steel mills in the U. S. . . and an annual employee payroll that is currently running around \$24,000,000.
