## History of the Class of 1931

$000<0000$
Forward! lnto the valley of wisdom went the class of 31 . to return victorious and covered with glory.

Trojans. one and all. they started their carect of achievement under the leadership of Mhilip Mitchell as president, and Mirian Donaldson as secretarytreasurer, who aided Mr. Dixon in the first quarter of the hard battle.

During the next year the class began to show steaty progress. Miss katufmant directed a cast chosen from the worthy members of the class in a one ad play, "The Travelers" which was really a thriller. Year " 30 mshered in marked success. Startling victories were shown by issues of "The licho": by the class play. "Kempy": and by the Junior Dance-all under the direction of Miss Kanfman. Mr. Armstrong, Mr. Ferceland. and Miss P'fan.

At last. Victory! Successful were heir Senior Class plays. "The Whole Town's Talking" and "Skidding": their Senior Dance and the lats but mot leash. the lear Book.

The 19.31 Trojans have conquered in one of lifes hattles. atnd are all set for the other battles which will confront them. So-lorward, I say, stil! forward!

## History of the Class of 1932

This class hats almost completed its long journey through the realms of education. In its first year Miss Gladys Hughes was elected as faculy advisor, and in the following year Mr. Walter Simmons was added. Under the brilliant and capable leadership of these two, the group has been successful in all its undertakings.

The sport dance in the Sophomore year and the Hallowe'en dance this year are events long remembered by all those who attended. The class has among its number many athletes of ability. who have shown their wares in all types of sports. football, baskethall, temis, volleyball, and track.

This group of students who set out on their journey in the fall of 1928 have begum and accomplished many memorable things and it is certain that they will keep up their work next year.

## History of the Class of 1933

$000 \subset 000$
Wait a minute : here comes the sophomores, and don't think they haven't been busy, either. First, as freshmen they started of $i$ with a big Christmas partySanta Clats, presents and everything. Next thing old D. H. S. knew, they were stepping out with a spring dance, and was it a success? Just ask anybody who was there. This year thev are as busy as ever. First, the girls of the sophomore class, aided by a few boys marched to the Athens us. lortsmonth game, where they hurled serpentine, hurst their lungs yelling, and, in general, helped the boys to win the game.

Then. oh boy! Can this class act! an example of this was given in "Oh, Kay," a mystery drama which satisfied even the seniors. Now, what's this I hear. thunder? Oh. no. just an echo of the big skating party they had down at the skating rink. And this isn't the end; there are many more good things in store for the class. Well, rain or shine, it's all the same to the sophomores. They're undanted, and let's hope they keep up the same good spirit.

## History of the $\mathrm{Cl}_{\text {ass of }} 193 \mathrm{~A}$

$000 \Longrightarrow 000$
When school started September eighth, nineteen hundred thirty, over two humdred and fifty of us entered Portsmouth High School. We were the largest class that has started, yet, we might say, the smallest in stature.

We elected home room officers a few weeks after entering school and aiter several meetings of the class in study hall, we elected class officers. William Clark was chosen president: Joseph Graham, Vice-president: Mary Mice Ditwson, secretary: and Howard Brown, treasurer.

When the new Freshmen entered. the second semester, they dicl much the same things we clid.

We joined chuls, entered athletics and started our activities. We even competed against seniors in the track meet and other class activities. and we gave them real competition, too. So we are rather important, and you just watch our smoke in the nest three vears.

—Mart Adice Dawson.

Freshmen Class Execurives
Above-William Clark, President; Joseph Graham, Vice-President: Mary Alice Dawson, Secretary; Howard Brown, Treasurer
Below-Faculty Advisers-Mr. Kegley, Miss Colley, Mr. Lorentz.

## National Honor Society

The National Honor Society primarily is an incentive for higher scholastic attainments. Just as letters are awarded in recognition of unusual athletic ability, so are National Honor pins given in recognition of unusual scholastic ability. These pins are tokens showing that the wearers throughout their years in high school have lived up to high standards of scholarship. character, leadership, and service: and that they are members of a society intended to promote those things which are most worth while in school life. To lecome a member is certainly one of the most worthy if not the worthiest of ambitions that a student may have for his high school career. If the stuclem is successful in fulfilling these ideals, membership should not only be of great value to him in college and later life, but it should also be a source of personal pride and satisfaction in years to come.

## Student Councill

Student Comeil is the only organization in Portsmouth that bears a semblance to the student self-governing bodies recently introduced into so many schools. Each home room or advisory group in the high school has a representative in the organization who is given a chance 10 voice the sentiments and opinions of his group at the weekly meetings of the body. Then on Tuesday when each advisory group meets by itself the announcements and plans which have formerly been lalked over in Student Conncil are introduced and discussed. These advisory group meetings have been made exceptionally interesting by the introduction and study of parliamentary law. This work has made it possible for every student in school to know the correct form and manner in which any meeting should be carried on. so that he may feel at ease in any gathering in which he finds himself. The Student Council has been sponsored by Mr. Dale, at whose suggestion parliamentary law was taken up.

## English $\mathbb{C l u b}$

The purpose of this cluh is to improve English usage, to develop taste in literature, and to provide pleasure. Although one of the newer clubs of the school. the club has done remarkably well under the sponsor, Miss Cramer.

Interesting programs have been given, some of them in commemoration of the birthdays of noted people such as Washington and Lincoln. Scenes from "Julius Caesar" were put on at the time that the class was studying that play. "Nevertheless." one of the Stuart Walker's pormanteau plays, was rendered in the auditorium in a most capable manner. During the current year, the club has favored modern writers such as Vachel Lindsay. Sinclair Lewis, and John Masefield. Neither poetry nor prose has been neglected. The April program consisted of poems on spring.

The membership is composed largely of sophomores and juniors. The officers are: President, Ruth Thompson: Vice-President, Ruth Burkitt; Secretary, Betty McFarland; Treasurer, Elizabeth Jordan; Parliamentarian, Pauline Newinan.

## Plus U11́ra

The purpose of this club) is to promote interest in the study of the language and customs of the Romans. The club has continued to accomplish its aims under the guidance of Miss Margaret Ball, the sponsor.

Programs at meetings include such things ats plays spoken in Latin and speeches on Roman life and accomplishments. At Christmas the members enjoy singing "Adeste Fideles". "Silent Nox", and other songs in Latin. The social activities have included St. Patrick and Hallowe en parties and pienics in the spring.

## Lies Jeunes Modernes

The French Club was reorganized the first of the year, and named "Les Jemes Modemes". It has taken part in school activities this year on a larger scale than ever before. This club has succeeded to a great extent in fulfilling its purpose of acquainting its members more thoroughly with the Firench language and of helping them to become accustomed to using it. Almost all the people belonging to "Les Jemes Modernes" (which means "the young moderns") have translated their names either literally or otherwise to firench as may be seen by the membership list above. They have carried their work in another line, and that a verv interesting one, by writing to girls and boys of their own age in French schools in France, who are studying English.

## Girls League Cabinet

The Girl's League is an organization including every girl in the high school. The purpose of the league is to acpuaint incoming girls with the high school program, to furnish lunches and to loan money to the needy.

Dean Jones, when she came here last year, introduced the hig sister movement which had long been contemplated but never brought about before this time. By: means of parties, entertaimments, and all-around good times the Girls' League has succeeded in bringing the girls of the school closer together and acquainting them with each other in such a way that an entirels new spirit has been introduced into the high school.

The work and government of this organization is carried on through the Girls' League Calinet, which is comprised of the six committees.

The officers this year were: Martha White. President: Julia Rickey, VicePresident; Sarah Ame Marting, 'Treasurer: Janice Lauffer, Secretary: Melba Millar, Pianist.

## Jolly $\mathbb{R}$ ogers

With so many highly ethical organizations taloring zealously to uplift humanity, piracy bade fair to become a lost art, and the picturesque buccaneer, as exemplified by Stede Bonnet. Sir Willian Morgan, and Blacklbeard, to become as extinct as the tyramosaurus and the hoop-skirt. The world could ill afford to lose one of the most picturesque of all the villainous types that have snatched purses and slit throats down through the ages.

It was with the high esthetic purpose of preventing the total eclipse of piracy and the loss of the traditional free-booter to the world, that the Jolly Rogers came into being three years ago. Most of the original members of the crew have gone respectable; however, a generons infusion of new blood enables them to carry on.

## Senior $\mathrm{Hi}_{\mathrm{i}}-\mathrm{Y}$

The purpose of this club is to create, maintain and extend throughout school and community, high standards of Christian character. Its platform is: clean speech, clean sports, clean scholarship, and clean living.

The monthly program consists of four parts: "club nite." physical activity, speeches by prominent citizens, and social activity. On "club nite" there is a round table whereby the good points and faults of the members are discussed. The gym is generally used for physical activity. Some of the speakers in the past year were: Rev. Bowman, Mr. Schapiro, and Mr. Massie. For social activity the club has been entertained by John Stockham and at Drew's camp. It has also spent evenings at bowling and the theatre.

It had been traditional that only Senior members were eligible for office. However, both Juniors and Seniors were eligible for membership this year.

## Physics Club

The purpose of this club is to create an interest in Physics and bring Physics into use in everyday life.

Although the club) is only in its second year it has done remarkably well. Mr. Walden is the sponsor.

Interesting programs at the mectings are entertaining as well as educational. Demonstrations and talks by teachers, students and prominent men have been given. Among the speakers of the past are: Mr. Virgil Fowler. Dr. Green, Mr. Shafer, and Mr. S. Morningstar. The apparatus and mechanical devices used to demonstrate are interesting to the members.

The club also has its social life. Contests have been held at different meetings. Last year the members enjoyed a weiner roast at Miller's camp.

The membership is composed of third and fourth year students. However, any student taking Physics is eligible. Officers are: President, Dale Moore: ViccPresident, Mary Warman; Secretary-Treasurer, Rossine Schirrman: Sergeant-atArms, Charles Cookes.

## Eicho Staff

The Echo has developer this year into a real school paper. The work of writing news. editorials and features is being done in a class organized for that purpose, and the printing is leeing done for the first time by the students in the printing classes.

Just recently, the Echo joined the National Scholastic Press Association, in order to take advantage of the many henefits of fered by this organization.

In March the staff lost one of its most prominent and hard working members. The death of Hewlitt Thompson, Editor-in-Chief of the Echo, was a great loss to the entire school.

## State Championship Band

This organization has prohably secured more publicity than any other in school this year with the exception of athletics. It has been directed by Mr. Schmabl who was assisted by Mr. Moak, whose ability has been clearly demonstrated throughout the year. It has alternated with the orchestra in presenting selections in assembly which has been greatly appreciated by the high school as a whole. The entire city benefitted through the number of bands which assembled here early in May for the State Band Contest. This activity even secured the much sought for honor of broadcasting from Columbus, and brought to I'ortsmouth the State Band Championship for 1931. Besides the pleasure which the students derive from their membership, this organization presents to them opportunities of developing musical talents.

## Orchestra

$T h i s$ organization has for the last few years heen one of the most prominent and outstanding activities of the school. Under the capable direction of Mr. Schnabl the orchestra has done particularly noteworthy work this year. The members presented a concert during the year in P. I-I.S atulitorim which, in spite of the fact that it was the first time an entire concert of orchestra music had been presented, was a huge success, since it was enjoved br many local people as well an students. They have been of great service to the school by playing between acts at practically all plays presented by the different classes in school, and by presenting enjoyable programs in assemblies inmmeralble times. But. hesicles all these successes of the borly as a whole, the most worth while factor in comection with it is the wonderful opportunty and advantage it offers to the students within the ororganization itself, both while they are in school and after they leave.

The Girls Senior Glee Clul) consists for the most part of Junior and Sentor girls. This organization has appeared a great mumber of times outside of the school.

The special programs given throughout the year have covered a wide variety of interests. A program of l'an American music was given for the Clover (Cui) and the various other chabs. An evening of music for the Business and Professional Women's Club, and Christmas Carol singing in the ligelow Church were some of the main features. In addition two National Music week programs and a reguest program for the Kiwanis Club may be mentioned.

The club has appeared wice this rear for the Men's Century Club, and for the Women's City Club, and Jumor Vomen's City Club. Besides these outside jnterests, the group has given numerous assembly programs.

The members of the Mactrigal Club clo some of the finest music done in any musical club in the high school. Although few appearances were made the results of their performance in the Ammal Recital and in assembly has shown hard work and progress.

Another music class whose picture (loes not appear in the ammal, is the class which does the solo work. A few of these members, to whom much praise can be given, are Bill Clark. Ruth Thompson, Ford Anderson. Doroth. White, and Edith Yeatts. Tulsa Bassler has assisted in many of the programs by giving numerous violin solos.

## The Meal Tirket

The Revelers annual play was "The Meal Ticket." This plar, as its name suggests, was about a tea-room or rather, about the proprietress of the tea-rom, and her husband. The hushand. as the story goes, has left his wife in order that he might become a play-wright. Like the proverbial bad penny, he returns, and complications occur when the young woman makes him a waiter. The rich producer tries to part the husband and wife, but true love rights itself in the end. Comedy is furnished by the staff of the tea-rom whose love-affairs are interesting to all.

## Lilies of the Field

"Consider the lilies of the field : they toil not, neither do they spin, yet Solomon in all his glory is not arrayed like one of these." And Solomon could not compare with the twin lilies of the Junior Class Play. 'The story begins on the twins' birthday. They are each hoping to get a wonclerful present from their atnt. Thes know that one will get a few yards of crepe de chine and the other a trip to London. It was decided that the one that would make the biggest impression on the hero, a man interested in antiques, would take the trip. One twin successfull. becomes mid-Victorian to make the impression. The other iwin, however, finally gets to go to London, too, where the happy ending is evolved. Cast:

## SHididing

The final appearances of the actors of the class of 1931 were made in "Skidding", a dramatic comedy coached by Miss Pfau. An ambitious and political-ly-minded young lady is the center of attraction, but her brother, an adolescent cross-word puzzle fiend, does not allow himself to be forgotten. However the lover of our fair heroine does not approve of politics, and therefore trouble ensues when her father, who is judge, needs his daughter's support in a political way. Her outlook toward married life is mot made more cheerful at all by her two sisters. both of whom have the "returning home" complex when they have any trouble with their hushands.

(OACH NESS, our football coach is known as "Tommy" and is a graduate of Wittenberg College. He has studied during the summer under such preat football mentors as Knute Rockne, Bob Zuppke, Dick Hanlex, and Iop Warner. The knowledge which he has acquired from these men has been a great aid to him in developing one of the most agaressive elevens in this part of the state.

MISS BELL, the supervisor of girls athletics, has produced many stars. as has LORENTZ, with basketball and minor sports.

BRYANT, assistant coach in football, basketballand track has done greal work with the reserve teams.

## Cheerleaders

These Trojan cheer leaders could be relied upon to instill plenty of pep into Portsmouth fans. Thev are Bobby Walters, Joe Wallsmith, and Bill Baker.

## Pali, Buckles

Buck, playing his fourth and last year on the rarsity, ind fluenced his team mates with the wonderful pep and playing which he showed throughout the season. Buck will not be lack next year.

## Freid l;hicker

Bricker has completed his football career with two letters to his credit. Playing a steady and consistent game at endi. Fred conld always be relied upon to get his man.

## L.fine Ogg

Ogg. finishing his high school career after three faithful years of service, will be greaily missed. He won his first letter at guard and last two at tackle.

## Ci,yde Colvin

Colvin, playing his second year at center followed in the footsteps of his brother Joe. We will miss his determination and stellar playing next season: Good luck Buzz.

Tin) Cropper
Cropper, one of our veterams, displayed the same steady. playing and grit which won hinin a berth when only a Sophomore. Next ycar will be his last one with us.
(ikorge Dorl.
George Doll (as sport-writers acclaim). is the last of the Dolls. Playing at end. Dolly displayed both determination and dependability. We regret that he is a Sentor this year.

## Jone Spitzer

Spitzer playing lis first and last year on the squad came to us from Holy Redeemer. Joe. who plays fullback is a consistent ground-gainer. and will leave a position hard to fill

## Sndrew Relnhard

Andy finished his second and last year on the varsity this season. He played a steady and scrappy game at guard, and we will miss his services next year.

Jon: Stockham
Stockham, a senior tackle playing his first and only season with the Trojans, provec! to be a great help and strengthened the team many times throughout the season with his punch and hard playing.

Zanesthae Game
This was a contest that brought joy to the hearts of the Trojans. This game was considered one of the toughest on the schedule but the Trojans waded through the Blue Devils at random. Longs runs by Cropper were again the features of the game and some very effective blocking was displayed by the linesmen. men.

The strangers were completely overcome and had more substantial losses to their credit than gains. However they were the best of sports and fought every minute.

Eugene McConneld
"Brub". a valuable halfback, proved to be one of the most dependable players on the team. "Brul)" was always there when the time for action came

## Junior Moore

Moore. another of 041 r basketball players was out field general this year. His ability to call signals was stellar and admirable. "I wne" will be with us one more year.

## Edward Pollock

"Puff", another two-letter man. graduates this year. At guard he could always be depended upon to stop that play. Puff was shifty and illusive in spite of his weight.

Willifam Hart
Bill Hart played his first year on the varsity squad this season. He plays well at guard and although not winning a letter this year he will hold a regular berth next year.

Whiliam Martin
Athough playing his second and last year on the squad, "Bill" won his first letter this year. Martin, regardless of his light weight, can be remembered as a scrappy and consistent player.

The Ironton Game
The bitterest pill to swallow was this grudge battle. The Tigers came forth with a passing and running attack that seemed impossible to stop.

McAfee, one of the flashiest bachs of the decade. was the boy that couldn't be stopped and he ran through the Trojans consistently.

The fans enjoyed this gane thoroughly in spite of the defeat for it was a real battle anc? neither team let up for one instant.

George Suter
"Wrink" is a graduate from the reserve squad and proved to be a great asset to the backfiekl. He was awarded his first, but not last. letter this year.

How, RI BAKEK
"Bake" is one of our new finds in fortball. He played a steady and consistent game at end this year although it was his firsi year. "Bake" will be back next year.

Howard BlackbC゙ra
Blackie, another veteran. will be with us again next year. He played a steady game at tackle and could be relied upon to "overdo" his share to make a play a success.

## Charles Cookes

"Cookie". a new man, played a very steady game at fullback. He could always be depended upon to get that yard when it was most needed; Charley has another year yet.

## Eamek Búsh

"Boob" won his first varsity letter at guard this year. He is very consistent and we will depend upon him to do great things next season.

## Athens Game

This game brought forth the first signs of spring. for the boys seemed to be practicing the dashes. No game has ever been played on the local field that was so featured with broken field rumning, Every man in the backfield was rewarded with the thrill of leading his opponents over the turf.

The entire spuarl was called upon in this game and a few freshmen felt for the first time the thrill of being an active member in a varsity game.

## Burt Noel

Burt is one of those flashy halfs that looks like a young colt on the gridirm. He is a letter winner and will not he with us next year. He's a "tuff" man to lose.

Lou's Russem,
We are depending on Russ to play even better ball than he clid this season. He won a letter this year. playing a dashing game at half-back.

## Chagde Hammond

Hammond, one of the most reliable men on the whole squad, played his second year as first string guard. His plaving was a treat to watch and a hard hole to fill will he felt when Claude leaves.

## Forest Locey

Another tackle played a brilliant game through the entire season. We'll see old Locey back in action with the 31 squad and his help will be appreciated plenty.

Charles Kirsch
"Kirschie" started right out this season and worked up to a regular berth as signal caller. He is a small man, but be packs the brains. He'll be calling signals next season!

## Tue Chalicothe Game

The names of several regulars were still omitted from the lineup but this time the youngsters taking their places were in better spirit. and the Trojans came through with a pleasant taste in their mouth.

Every play was a thrill and every type of performance was exhilhted from intercepting passes to blocking punts.

Bricker stretched his arms and received a nice pass for the first touchelown which gave them the lead that they held until the end.

Chilli threatened but not seriously and the Red and Blue again led the parade.

James Walker
lim, although not winning a letter. saw much service at guard. He is reliable and can be depended upon to take his position next year where Andy left off.

## Leroy Poldock

Eitl's kid brohber made an early start among the Trojan ranks. He will he a Junior next year, and probably a regular at half back. He is very fast and illusive.

## Carlos Parker

Camel Parker, a Junior of renown, although not wiming his letter. put up a superh fight for a berth at end. His playing was marked by sincerity and bull-dog grit.

## Waliter Burns

Burns displayed a show of ability as tackle that promises to make him a varsity man of high calibre. This was his first season and he has several more; great things are expected of him.

The Ashland Game
The previons years bringing several hot contests from these two teams, the weather man took a hand and poured snow and ice to even matters.

In spite of the zero weather, the Trojans and Tomcats battled. The Tomeats seemed to be better fitted for the action.

The outcome had already been predicted by most of the fans clue to the superiority of the Tomcats in weight and years.
This was the worst defeat handed the Trojans during the season and for several previous seasons.

Nearly the entire squad was used becanse of the frequent injuries but none walked off the field. they were carried oif iighting!

After experiencing very little competition in the district tournament, the Trojans advanced to the state tournament where they found the competition much keener. Our team entered into the finals with the strong Canton team. which had been picked by the newspapers to win the title. Through sheer grit and a display of the same old "Trojan Spirit" they managed to eke out a one point victory which brought the state championship to Portsmouth for the first time.

George Doll
Although George won his letter in foothall and track. his main hobby is baskethall. George, our floor general. finished his third and last year on the varsity this season with a display of baskethall which won him a berth on the all Ohio and Southeastern teams. Dolly. an accurate shot and always consistent, will be greatly missed next season.

## Trophies

Center: The Victory Tronhy awarded for winning the state championship by the Chamber of Commerce: Right: the Southeastern Placque awarded for winning the district tournament: Left: the State Placque awarded by the State Athletic Association for winning the state basketball tournament.
Tod Cropper
Tod, having plaved three seasons, will be meligible for one semester next year. Tod, like Dolly, will always be remembered as one of the first two Trojans to ever win a berth on both the Southeastem and State honorary teams. Spectacular playing and dependability help to win Tod the berth of Captain of the state champs.

## Bert Noei,

Bert, also a Senior. finished second year on the varsity this season. Bert is one of those players who can always be depended upon to block that pass or make that basket when it is most needed. We hope that Bert will continue his good work in college next ycar.

## Fred Bricker

Freddie won his first varsity basketball letter this year, after being forced to give up basketball in his Junior year due to an injury. Playing a stellar game at guard. Bricker gained honorable mention in the district tournament and equally as much renown in the state. Bricker leaves a vacancy that will be hard to fill.

## James Grimm

Jim, a Junior. played on the reserves at the first of the season but gained a berth on the varsity squad by his steady and flawless plaving. Playing forward was his main dish although he could also be counted on the get that jump. Grimm will be back with us next year.

Junior Moore
June. a fast-moving forward, will long be remembered for his "last second" baskel. which brought the Trojans their first state championship. lume. like Torl. has one more semester in which to display the brand of ball which has won him a letter and berth on the "Best 'Team in Ohio."

## U. S. Grant Gim

Here is a picture of our new gym which was dedicated this year. It is classed as one of the best in the state and has been very helpful not only irom the athletic standpoint, but the social and educational as well. The gym is complete in every respect and can accommorlate over two thousand people.

## Cirios Parker

Parker, the only man from the first string men to be back for a whole season next year, was one of the out-standing stars of the squad and won a place in the second all district team. His friendly spirit and consistent playing throughout the season made him popular with teammates and coaches.

## Charles Kirscu

Kirsch. our diminutive forward, playing his second year with the varsity, put up a great fight in all the contests he entered. The Walnut Hills game was his big one. But there will be many big games for him next year as we are all looking forward to having him as a regular on the squad.

## Suelby Dale

Shelby was also a graduate from the reserves. Although small in stature, Dido could! sink those shots and block those passes when they were most needed. Shelby is a senior this year and so we will miss another of our "State Champion" Trojans when the season rolls around next winter.
$\left[\begin{array}{l}1,5 \\ \text { Louis Russell }\end{array}\right.$
Russell, playing his first year on the varsity. showed great promise and a lot is expected of him next year. Russ was a fighter and made it hard for any guard to hold him scoreless. He was a strong man and a good substitute for either forward. We ll hear of Russ next year.

1. God's gift to women
2. Monitor and Merrimac
3. Old grad.
4. Men with wings-Bricker, 11-9.
5. A right jolly old elf.

## GIIRLS' SPORTS

## Miss Beif.

## Girls' Athletics of $\mathbb{P} . \mathbb{H} . S$.

Girl's Athletics of Portsmouth High School have heen divided into two major and three minor sports. The majors are temis and basketball, the minors volleyball, baseball, and track.

Three series of games were necessary hefore the volleyball champions could be decided. The Seniors came out on top, with the Sophomores, Jmiors, and Freshman placing in that order.

After volleyball, tryouts for basketball were held. The class teams were chosen and each team played nine games. The Juniors were the champions, winning mine games. The Seniors were the rumers up, with the Freshman and Sophomores coming in third and fourth.

From the class teams two varsity teams were chosen, the Red Team and the Blue Team. The Red Team was the champion, defeating the Blue Team by the scores of 17-15 and 18-13.

For the past nine years Charlotte Bell has been director of girls' athletics in Portsmouth High School. During this time she has proven herself a capable and efficient coach in all lines oi girl's athletics. She is very well liked by all the girls of P. H. S. and is fair and square in all of her dealings with them.

The head manager of girl's athletics has been Mary Lib Smith, who was ably assisted by Kate Evans. Mary Lib as Senior manager certainly deserves the letter which is always given as a reward for the second year of service.

Above, Senior Volleyball Team, Toprow-Moore. Mooney, Green, Sheridan.
Second row-Kemper: Heisel. Prayther, Rickey
Below, Junior Basketball Team, Top row-Toney, Iantz, Millirons.
Second row-Walter, Kline, Hogan, Dunn.
Third row-Barr. Marting, Shields. Yeager, Baker.

Latra Jane Veager
This is Yeager's second year un varsity. She plays forward and can always be comnted on to make her share of the points.

## Jifta Rickey

As side center "Rick" surely is a "whiz." She is always right there on the tip-off, and plays a clean. hard game.

## Madeline Lantz

Madeline has capably filled the position of cemer on varsity for two years. She's a Junior and has one more year of basketball.

## Helen Tones

Toney is a snappy litule player and a good shot. She's a Junior and can count on a place on the team next year.

## Neli, Qullian

Nell plays guard on the team. She has proven herself capable of filling this position by her skillful playing. She's a Sophomore with two more years to play.

Norma Heiser.
This is Norma's first year on varsity. She's a guard and always gives her opponents plenty of trouble. She is a member of the class of 31 .

## Agnes Evans

Agnes is first sub for the guard position. This is her first year on varsity and since she is just a Freshman she has quite a fulure ahead of her.

This is the RED TEAM, which won the championship from the BLUES.

「lorine Prayther
Flo is the veteran member of the basketball teams. She has filled her position as forward for four years in succes sion and has been a valuable player.

Janice Latffer
This is dathlfer's second year on varsity as center. Her opponents have to work plenty hard if they expect to get the jump over her.

## Kathryn Waller

Kate fills the position of sicle center and always plays a good fast game. She has one more year with P. H. S.

SAls Marting
'This is Sally's third year on varsity at the forward position. Sally certainly keeps her opposition stepping to guard her.

## Dorothy Darragh

Dot has had two years on varsity as guard. She always plays a good game and never gives up until the final whistle blows.

## Gladys Shields

Glad's a guard. and can always be counted on 10 breat up the passes and help lead hei team to victory. She is a Junior with one more year for the team.

## Madaline Ames

Madaline is first sub for the forward position. She showed up well in the games in which she played and gave the other forwards a merry chase for their positions.

These seven girls made up the BLUE TEAM.

## Martha Green

Martie played in second place on the team and she certainly made her opponents step to cover her returns. She plays a goorl fast game and at doubles she can always be depended on as a sure bet.

## Mirian Balley

Mim was our first substitute. She often played a regular place in doubles and in case of accident (such as Ricker forgetting to come) our depenclable Miriam was ready and going

## Mary Malavazos

This is Mary's first year on the temnis tean. She certainty showed up well during tryouts and she is expected to mahe a good showing in all of her games.

Juina Rickey
Rickey is the "midget" of the teanl. She had plenty of tough opposition last year but she usually emerged victorious from all of her games. This is Jude's last year with old f. H. S.
hathryo Evans
Kate surely swings a wicked left hand stroke which makes it difficult for her opponents to return the ball. Kate has one more year to "strut her stuff."

## Jeanne Briggs

Jeanne was the school chantpion for the year of " 30 ." She's a good all-around player but she shows up unusually well as "net-man."

## MINOR SPORTS

Front row-Skinner, Grashel, Chapman, Russell
Back row-larker. Hopkins, Deiner, Bridwell, Spilzer, livingston, Woods, Cropper, Hull.

## Portsmouth's Trophy Case

## THE Johnity Minfr Trophy

The Johmy Miner Trophy is awarded to the state baskethall champion each year. This beatiful green bronze statute of Johny Miner, Ohio State's immortal forward, has been held the last two years by Davion Stivers. but this year it reposes in dear old P'. H. S.

## Solthenstern Ohio Trophi

The South Eastern Ohio Trophy is a bronze plaque with the state seal of Ohio on the top, enclosed by "( )hio High School Ahhletic Sssociation." monnted on polished walnut. This award is presented each year to the wimer of the SouthEastern District Toumament hy the Alumi Association of Rensselear Polvechnic Institute of Tros, New lork.

## State Champhonship Tropuy

The State Championship Trophy is a trophy of roughened bronze. It is practically the same as the South Eastern one, hut much larger. The Class i State Champion is the proud possesser of this magnificent piece of handiwork.

## The Victory Trophe

The Victory Trophe is a large silver basketball mounted on a pedestal with a small baskethall player on the top poised with the hall. The Portsmouth Chamber of Commerce was the donor of this wonderful award at their Victory banguet for the Trojans.

## The Pexnant

Hanging on the east wall of the office is a large red and blue pennant. trimmed in gold, bearing the inscription, "P. H. S. Trojans, State Baskethall 1931 Champions." Roth's Sporting Goods Store gave this as a tokell of appreciation of the Trojan's fine work.

## The State Band Trophy

The State Band Trophy is a golden goddess holding a palm leai above her head, mounted on a beatiful silver stand. It is the presentation of the Music Supervisors National Conference to Portsmouth Champion Band. This soughtafter trophy was won by Fostoria in 192t and again in 1925. Mansfield took the prize in 1926. In 1927 the trophy went farther north to East High of Cleveland. I Cleveland school won asain in 192s. West Technical High being the champion. Mansfield repeated again in 1930. And in 1931 our own band defeated the best in the State to win the troplys.

The Bronze Plagce
A Bronze Plaque was also presented by the Music Supervisors National Conference and the National Burean for Advancement of Music.

## The Marching Cup

The Marching Cup. donated by The P. H. S. Band Mothers Clul), is a silver loving cup, given to our band for wiming the marching contest.

## Mathematics

"Who stole that lock ?" That was the question that kept the verdant minds of
 promising mathameticians at unrest throughout the year. This query was whispered in assembly, noised around in class, and shouted at haskethall games. It was one proposition that wats never settled, strive as the students might to discem the answer.

The Parallelepiped Pipers (lub), an "ornerary" sociey of all geometricians, was organized. and officers elected. George Malcolm. President of the "execk" committee, called a meeting, and it was decided to have a party. Doughmuts were served with coliee. and the party dunked and splashed contentedly. The main purpose of this clul) was to settle that most important question stated alowe.

Miss DuPuy: "Who stole that lock?"
Fred: "I don't know:"
Miss D. P.: "Eugene"
E. MC.: "I'll find out before I go."

Bill Martin: "Jucly said you did!!"
Miss D. P.: "Why Bill-"
Bill: "But I don't think you dicl."
Dutch S. (emtering) "lidil what?"
A11: "Who stole the lock on the hen-house dour"?
Geometry, under an instrictor like "our deer teecher", was a most interesting subject. but there was an undercurrent of suspicion. Each studem eved his neighbor warily: each new comer to class was given the once-over twice. There was that indefinable atmospliere of uncanny watchfulness that permeated to one's very soul. But, alas. to this day, nobody has solved the super-mystery of who stole that lock from the hen-house door. I know 1 didn't. did you?

## Vocatonal. Arts

What ho! what ho! What men are these.
That pound yon anvil with such ease?
They tug: they labor, and they toil:
They perfect : they construct, and they spoil.
"Monrad's Little Devils" have long been an organization of more-or-less good standing in this great institution of knowledge and understanding. Mr. Monrad is the skippingest skipper that ever set sail on any sea of learning with a salty crew of nondescript rookies
 ancl-ahem, dignified seniors. Athough these little Devils aren't a recognized organization, their influence is potent in the laboring circles of the school.

Since Lymn Ogg has passed on into the realms of post-grad work, most everyone really works in machine shop. The old place doesn't seem the same without "Townie" standing around with his hands in his pockets.

No matter how long one waits before returning, when he does return he will find the same old greasy, dirty, but shiny place. The "block hole" will always be an outstanding memory to the fellows who have worked and loaled there. Tire same old machinery. the same old tools. the same old smells, the same old dirty windows. but never the same old gang. Although the school needs a new shop, well all certainly hate to see the old one go moler the hammer.

## "Just merely step aside now, will you please?"

"Warren, taisez-vous! Vou are going to drive me crazy! Oh. Framk, will I have to separate you two?"
"I was only trving to explain this to Frank. Miss Kanffman. I diclu't mean to clisturb vou. Sorry:" (Two minutes elapse)

- Warren, econtez! I refuse to go on until you manage to stbosicle. Now. I mean it!
"Y'es ma'am."
If ever one nice, even tempered teacher, ever wanted to pull out two handfulls of lovely red hair by the roots-it is at a time like this. F'll admit there are plenty of worries in the workl, but if you have never
 been caged up with a "red-headed worry" you ain't seen nothin vet! But then "bows will be boys" and these is boys!

These poor teachers-they certainly deserve their pay. Aiter six long months of incessant trying to drill French into the heads of a lot of gaping morons. Frog French, asked to read the sentence "Son soupcon est justifie"-(translated "His suspicion is justified") saticl instead, of soupcon, "Soup"s on!" (a famous English icliom). (oh for the life of a French teacher.

In Miss ball's class. it is an old latin custom that everyone who gets any thing new, must stand up and bow to the Hon. Miss Ball. Many girls follow this canse girls are continually buying new clothes, but the boys sorta lag behind. But one daty, when everything was quiet. Freddie Bodmer stood up and buwed Everyone looked at him closely. but could find nothing new. Almost at the point of desperation, they gave up, and told him to point it out. The poor child nearly had to stand on his head to show it to them, but right on the bottom of his chin was a brand new whisker (the very first)! Now wasn't that sompin!

I six letter word beginning with $O$. that causes a I'. H.S. stuclent's knees to shake? Why, that's easy-O-F-F-I-C-I! What a word! All-important, and how! Just mention the word to a disobedient scholar and see what happens. Watch him brace up.

Here is laid the scene of "The Make-up Slip" a dreaded tragedy of an hour's cluration. You and I play the chief roles while the "Big Boss" is master of ceremonies.

Outside the door, one stops to put on his war-paint after being late for school. "T guess I'd better use that one about leeing held up by a train." However, a look from Mr. Dale and one just fokls right up. Mr. Dale drawls. "That's fumm: A boy in here half an hour age was held up by the same freight. Detention in 309 this week." If it wasn't for this little room, detention would go out of business, for it is from here the judge sencis us up. here that our pretty little yellow slips are used as evidence against us.

It is in the halls we stop a friend and ask him to write us an excuse after being absent from school. Then we march boldly into the office, hand the Dean our bit of paper, and cover a grin with difficulty. The Dean: "That's very strange. limmy, your father coesn't write as he did last week." "Oh. he cut his finger last night, Miss Jones." "Well, that's different, for I thought perhaps you had changed fathers." And one's heart sinks like an elevator. So we see that those six little letters O-F-F-I-C-E are a big factor in our school life after all.

What a disappointment football turned out to be! "Coach promised us lace on our football pants," wailed one hard-boiled gridder ". .nd a pink tea" ${ }^{\prime}$, sobbed another.

Despite all these more or less disappointing promises that were never to be filled, there wats a hot reception awaiting the hoys at the end of the seasonat Ashland!

There wats little matter of train letters received by a few of the bors that has always puzzled me. Seems fumy: Dut Torl, Brub. Buck, Freddie. Blackie. Ogg. Win, Puff, Joe Spitzer, and Bird Noel all grot train letters that were iclentical in every respect except the names on them! I think a carbon looks mighty like the original, doesn't it?

But after football season came the unforgetable basketball season--the mosi unforgettable baskethall season we ever had. There were hundreds of high spots in this season. Of course the Canton Mckinley gane was the climat, but there were mumerous high spots that the fans knew nothing about. Here is one: The fellows went to a local restamant to eat after the first game of the $S$. 16. (). tourney. June and Tod, the clowns of the spuad, were being dignified as usual. June placed a paper over a glass full of water, carefully inverted it and then slid it off onto the smooth, marible table top. He did this three times. Oi course. he had to spill one in Tod's lap, managing to splash a little on Coach in the process. The waiter laughed and started to wipe it up. He grabled one of the other apparently empty glasses and started to wipe under in. Swish! more water welt spatter ${ }^{\text {- }}$ ing over the landscape, to the absolute astonishment of friend water!

When we left there was still one glass reposing imocently up side down on the table with its contents dormant, but retaining potent influences.

## Libraks

Bell! Round One!
"Gosh! I wish that was the ring for third lunch! I'm about starved. Few more minutes and they'll have to carry me out of here."
"Histors-Aw! I've read drier stuff but I callt recall where. Gimme that joke book of yours. Tod."

As the tardy bell rings there is a grand rush in the door. "Curly" Ogg says.:" I'm not late, Miss Wrighi I got in by my left foot!"

"Well, Lymn, after looking at your pedal extremities, I can't contest the decision. "Bird-Dog" McConnell whispered in my ear the other day that three feet make a yard, and three of your feet make a lumber yard. Is that right ?"
" Jes, ma'am." Towny replies, blushingly.
Kachoo! Kachu! Kachu! And there lies Charlie Haas, doubled up on the floor like a contortonist, in the middle of one of his famous sneezes. Right there and then a red bandana handkerchief does valuable service and shows everyone that it is more than a table cloth.

That fatal sneeze leaves an empty chair in the library-something as rare as a palm leaf fan in Eskimoland. With that old Trojan spirit "darling Towny" moves in on Charlie without the tenant's consent. Hassie follows suit, moving up into the "king row" by ousting some ponr Frosh. Soon it develops into a game of fruitbasket upset. and in order to win you must carry your chair around with you.

And so on it goes-far into the day.
What is said of life can be said of the library-"It's just one darn thing after another." Ask Wiss Wright. She'll tell you.

## History

It was breezed arouncl that there were visitors in 301. Now, of course, we ail know what a great advent a visitor in P. H. S. is: but the person who gave out the news difln't look particularly serious, so 1 really didn't pay much attention. Later on, though, I chanced to meet Miss Auch, and as you know, she is the "Queen of 301. " Now, Miss Auch looked very much worried and disturbed and really. I began to take the affair seriously. I appointed myself as a committee of one to go that very clay and lowkover the "siteation." I had visions of hooked-nosed "educatoresses" and eagle-eyed professors bursting in and playing havoc with history classes. I know how
 'tis. Miss Auch. 'cause I've been in classes when the very same thing has happened. Well, anrway, I went. I looked in the door before entering to sorta give me a preview. I saw nary a visitor: but I went ahead cause there was a chance that they might be in the back of the room. I was right. They were in the back of the room. There they were-hundreds of them-now waitdon't call me a somethin' or other! There were hundreds of them-hngs! Now I've seen plenty of bugs in my time. but never bugs as distinguished as those They actually looked intelligent-that is something you can't say about everything living and breathing in clear of Porchun. Now you can just believe me or notbut I know good and well that those silly bugs weren't that bright before they ilitted into our temple of learning. So the moral of my story is "Never go to school unless your mind is blank or there will be no room for improvement." Any wayfrom now on when I hear of any visitors in Porchun I'll say to myself that they only came for improvement, and send them to 301, where even bugs can learn. Litile bugs can do it-why can't you?

## Scifnce

When Mr. Massie is under the ground, we may well say "Poor Mr. Massie!" You could take three guesses and not count the first two and still know the cause for the sympathetic ejaculation. Here 'tis-Mr. Massie has Jim Peebles in his class. Any added explanation needed? None! He has to listen to a contimuons string of yarns, the main subject of which is "pigeons". You know the one about not being able to decide which was the prettiest pigeon: therefore not knowing which one to shoot. If you haven't heard it, do-although I don't see how you escaped!

John Deitz is a fanatic too-not on pigeons, however,-but on his discovery. He has found a new method for plating chromium. Even Mr. Massie is afraid of him. and keeps him cooped up in the rear lab (positively the only one in captivity).

And then the Stuckham-Jones episode! You probably wondered the where and whyfor of the yellow gloves during second semester, but that's the catch! They weren't gloves at all! Just plain skin-only this and nothing more except. of course, the yellow-this was puric acid. Anyone desirous of sporting a "pair of paws" such as advertised, will please inguire at the Chemistry Lab, and ask for Stockham-Jones advertisers!

The upper classes arent the only ones that go in for the deep, dark mysteries of nature. Have you ever seen Mr. Shafer and his tribe of leaf collectors robbing the shrubbery on Drew's yard across from the High School? And did you ever hear about the Freshman (initials R. R. B.) who fell off his stool about four years ago, at his first glimpse of that phenomenon of nature-the praying mantis, also known as the devil's walking stick, or Phasmonantis Carolina?

In case rou have never looked in, Romn 308-the home of the Echo-is one of the busiest in the building. One might easily take it for the Times Composing Room, for the noise is all that at newspaper office can boast.
"Shirm, have you got the money for those last two ads? And by the way. that department store hasn't paid for their space since we've had the Echo. Get busy and collect," says de President of de Company, Bill Horr.
"Oh, Bill, may I use your hame in a big scandai about yon. Sally and Woodsy. I could write something about "The Eternal Triangle"." remarks the kessick on features.
"No. none of that!"
"Well, how am I going to write about scandal when there isn't any. and you -you're too bashful. Gee that would make a swell stom-"Woodrow Tshmaei. Ardent Lover. Throws 13 mm ) at William Horr."

Clatter! crash! bang! slam! "Oh, moot!"
"Spec" Kline is seen limping alout the room.
"What's wrong now. Kline?" says Bill impatienty
"I dropped that- typewriter on my poor little fontsic. Oh, Ama!"
"Well if you'd get down to work maybe youd feel better. Between Crimes and Charlie, youre ruming around in circles."
"Oh, that gives me an idea for a story." pipes up Bill Wakefiedd-
"Hey-let's keep quiet-this paper comes out tomorrow. If we all have sore throats ahead of time - whose going down to lunch line and yell "Yecho!"? So pipe down and let's get on work. Lon know this Echo is supposed to be the best of the year."

## Annual

"Asafetida." A common drug that can be purchased at the corner clrug store?" No youll never guess. An antique that 99 out of a 100 don't have. Hust "Ax the matn who rides in one."

The ancestry of this machine can be traced back to the family tree of the Cumninghan, a famons cight cylinder vehicle in its day. Anyhow, part of the Annual Staff went to Cleveland to attend the N. S. P. A. convention in it.

One Thursday morning anchor was hauled-Cleveland or Bust. Everyone but Win French-the chanfieur-was in the back and there was still room left for the Children's Home. Good time was made as the wheels were big as locomotive wheels and each revolution took us a mile nearer Cleveland. By patting Asaph-on the side and coasing her we managed to get five gallons to the mile.

At Dehaware the horn shorted, and the old reliable "Porchum" was velled to clear the chickens of the road, and early in the evening we pulled in Cleveland. puffing and blowing.

On the night of the big "banket". Frog and Hag put 100 much trust in the crooks of a big city. They put their overcoats on a bench in the hall, just outside the ball room. When they came out again everything was there but the overcoats. Check room girls, clerks, managers, cooks, bell boys etc., were asked for information. But by that time the coats were probably in some Hebrew store for sale- 25 c .

We pulled stakes on Saturday, driving all night and arriving back in the "old hum town" safe and sound.

Oh, there goes the bell! Scramble. rush, push, ram, hurry, seurry. Any way to get in that line first, or at least before the other fellow. That's the idea, Freshie, you grasped it magnificenty at the very start. Too had Mr. Monrad canght you there first time. Yes sir. too bad indeed-have to watch your step, when Monrad's around. He's watchdog here, you know. Where did you get that spoon in your pocket-oh no you don't throw it away-come with me, we'll see Miss Stokley alout this. You can't swipe silverware here at old P'orchun High, you know. Maybe you WERE born with one in your mouth, it's in, sign you have to go sticking "em in your pockets the rest of your clays, is it?

Where'd you say your lunch ticket was? Haven't you GOT any? How do you expect to eat lunch without a ticket? Here-this will only cost you fifty cents and its good for three days. Sure, all you want. By the way, how're you goma get in to assembly tomorrow? Don't know? Well. Ill help you out this time, but get wise to yourself, get wise! Here, here's a ticket-costs four bits regularly, Dut you can have it for a quarter-that's half price, you know, 'cause it's my last one.

Now that's one thing about this school, you have to learn to take care of rourself, see? Canse if you don't. someone will mighty well take you in. Don't ine a sucker-Down here at lunch, now, the fellows will ride you guite a hit. They'll rook you into a game of "hot hand" and then beat you half to death. They're a callous lot but you gotta learn to take it. By the way. got your locker rented for the semester? You have? All right, but see me fore you rent one for next year. Run along now, you have three minutes to eat your lunch.

## Stidy Hall

One lireshie turned in a definition of study hali ats: "a place where one goes to sleep, in other words, a (here comes the joke, duck) laboratory!" But seriously, folks, think of the magnitude of good that rises from the raw material in stucly. Practically every great idea in school ef fervesces from a fertile mind in one of these rooms. Just think, if you can, it was here that (jeorge Doll and Brul) McConnell first conceived the idea of holding fish races and training their fishes to race to Jronton and back. It was here that Joe Spitzer decided he would like to take up the Home E.c. course. Stew Allard's first glimmering ideas for a self-propelled sulmarine. June Horr's ambition to become a bar-tender. Judy: Rickeys inspiration to be a welfare worker. and Lymn Ogy's great thought and desire to be an orator of the first water. -these, yea all of then, were offsprings of fertile minds. in study hall when there was naught else of interest to alsorl) one's attention.

What, then, if study hall were abolished? Oln, sad thought, say not so. Why? Well. we seniors put up with it for four long years and theres no reason in the world why the rest of the underclassmen shouldn't abide by the misery too. Fair enough, says I.

Despite the fact that there are frequent calls of. "Is my father in there?" and like questions, an occasional cry of "help" -a few insignificant sneezes, (umintentional, of course) and (isturbances in general, study hall, taken as a whole, is a pretty fair place to sleep; 「 ve had four years of it and I ought to know.

## The Standard Oil

(From a collection of MUCH beller poems by that boy-wonder. Frank A. McGure).
Therc's batllc-ships and cattle-ships and many a lincr 100:
Therc's flocks o' jumks and idasting pmes raith lascurs for a creace.
There's ships that fly the bowny flags of white man's coiry soil.
But the dirtiest and the hungriest are the tanks of the Standard Oil.
There's fuch-ships and mulc-ships ahose odors arent so mice:
There's flects o' clinkers, rusty blinkers (said to saiarm zeilh lice).
There's ships on ahich the bill of munkind a'ouldn't care to toil.
But the roughest and the toughtest are the tanks of the Standard Oil;
-for there's
Oil ipon the mastheads and there's oil npon the kech,
On rope and locker, lamp and mocker-cucrything you fecl.
Thare's oil upon your blanket (if you cuer get to bed)
And usually in the rancid meat and in the maggoty bread.
Theres oil in all lhe ship's supplies (and a guy docs haac a time), And even in your underacar you'll find that crude oil slime:

#### Abstract

"It's such a comfortable store to shop in," is what we heard one customer say the other day. And quite often we hear. "You're really helpful." Well we certainly are glad, when folks talk like that, because the especial aim of this store is to serve you as comfortably and well as possible. To make your shopping one rourd of fun, rather than annoying necessity. You will find us ever anxious to please.
